™ est. 1894

Greetings!

On behalf of the membership and the Board of Trustees of the Southern Cassadaga Spiritualist Camp Meeting Association, welcome to our community!

Cassadaga Spiritualist Camp was founded in 1894 and has served as a center of spiritual learning and exploration ever since. The Camp resides on 57 acres that has been designated as a Historic District on the National Register of Historic Places. Part of the land is wooded and the rest is dotted with six parks and the houses of the people who call Cassadaga their home. Cassadaga is a home to mediums, healers and teachers who practice the religion of Spiritualism. A list of classes and available mediums and healers is located in the Welcome Center portion of the Bookstore.

As you walk on the grounds of the Camp, it is likely you will notice the special energy of Cassadaga. You may wish to join one of the guided tours to become more familiar with the Camp and learn its history. If you plan your visit for a weekend, there are usually workshops and seminars on Saturday and Sunday. Of course, we hold our regular Sunday Service at Colby Memorial Temple each Sunday at 10:30 am. That is followed by the Grove Service which is a demonstration of mediumship open to the public. We also hold an all-message service on each Wednesday at Colby Temple.

Gala Days are held in the Camp three times a year, which provide an opportunity to enjoy mini-readings, healings by a variety of practitioners, hear lectures about Spiritualist topics and enjoy the offerings of the many vendors who attend. There are also Mediums Nights held the first Monday of most months where 15 minute readings are offered.

The current schedule of events can be viewed at our website (www.Cassadaga.org) or seen at our Facebook page (www.facebook.com/CassadagaCamp).

We hope you enjoy your time in Cassadaga Camp!

In the Light,

Rev. Jerry Moore

About The Camp

The Cassadaga Spiritualist Camp™ is celebrating its 119th year. Established as a Spiritualist Community in 1894, the Camp consists of approximately 57 acres. Although the word "Camp" appears in the name there are actually no camping facilities available here. "Camp Meeting" is an antiquated term which was used to indicate the annual gathering of religious groups.

Designated a Historic District on the National Register of Historic Places in 1992, the Southern Cassadaga Spiritualist Camp Meeting Association, SCSCMA, is the oldest active religious community in the Southeastern United States.

From George Colby's dream of a place in the South where Spiritualists could live and work together, the spirit of Cassadaga today embraces the unity of all while sharing in the Science, Philosophy and Religion of Spiritualism. Our guiding principle is The Golden Rule and our beliefs are based on natural laws, the continuity of life, spiritual enlightenment and spiritual healing.

Spiritualists believe that life continues after death and those who have passed through this transition can communicate with the living through Mediumship. More than 40 SCSCMA Certified Mediums live and/or work in Cassadaga and many offer their services from their homes. Spiritualist Healing goes hand in hand with Mediumship and many SCSCMA Certified Healers make themselves available for those in need of assistance at the Caesar Forman Healing Gazebo located in front of Colby Memorial Temple, in the Andrew Jackson Davis Educational Building and Bookstore and also during many of our other Healing Services.

We invite you to come explore communication with Spirit, Healing, and Spirituality. Feel free to take some time to linger in the parks and meditation gardens, and browse through the Cassadaga Bookstore and Gift Shop. Stop by the Welcome Center and pick up some of the flyers with information about upcoming classes and then let your intuition choose an available Medium listed on the whiteboard. Give them a call from the Welcome Center phone to make an appointment for a reading, and then just relax on the porch and chat until it is time for your appointment.

Please feel free to join us in any of our activities and we hope you will come back soon to visit with us again.

A Brief History of Cassadaga

Andrew Jackson Davis Educational Building and Bookstore

George P. Colby is given credit for being the founder of Cassadaga. He was born January 6, 1848 in Pike, Allegheny County, New York. Mr. Colby was a trance medium who traveled to many states giving private readings and conducting seances. He was referred to as the "Seer of Spiritualism."

The most well-known spirit guide of George Colby was an Indian named Seneca. He also had as guides, a German philosopher, called the Philosopher, Wandah, who channeled healing, and a Professor Huffman, who worked with him when George did public messages.

It was during a seance in Lake Mills, Iowa that Seneca manifested to instruct him on a journey. The message was that he was to be instrumental in the establishment of a Spiritualist community in the South. After following instructions from Seneca, Mr. Colby arrived at a place near Orange City called Blue Springs Landing. He was later guided by Seneca and his other guides through the pathless wilds to an area that was exactly as it had been shown to George during a seance. Part of this area was destined to become the Spiritualist Camp. The year was 1875.

The charter was granted to form the Southern Cassadaga Spiritualist Camp Meeting Association on December 18, 1894. On January 3, 1895 Colby signed a warranty deed to the Association for thirty-five acres. Over the years the Association acquired an additional twenty-two acres, bringing the size of the Camp to its current fifty-seven acres. The first meeting of the incorporators was held on January 15, 1895 at the residence of G. W. Webster in Lake Helen.

Many people have been curious over the years as to the origin of the word Cassadaga. The Camp was named after a small town outside of Lily Dale, New York, which is also a Spiritualist community. Cassadaga is a word used by the Seneca Indians meaning, "Rocks beneath the water."

Cassadaga was established with the intention of it being a winter haven for Spiritualists who wished to escape the cold of winter while practicing their religious beliefs. The first people who came to Cassadaga were well-educated and financially affluent. They pitched tents or stayed in nearby hotels until cottages could be erected in which to reside. The style of the cottages is quite unique for Florida housing. The majority of the homes currently within the grounds were built by the 1920's.

As was typical of other Spiritualist camps, some of the first buildings erected were the auditorium, a hotel, the library and a pavilion, none of which stand today. The Ladies' Auxiliary provided a variety of entertainment in what was called the recreation hall, now named the Andrew Jackson Davis Educational Building and bookstore. Some of those activities were teas, card parties, concerts, plays and an annual masquerade ball. It was common for visitors to reside in Cassadaga for an entire "season", finding lodging in an apartment on the grounds. In 1910 one could "let" a suite in Harmony Hall for $3.00 a week.

About Spiritualism

By Rev. Mary Rose Gray

Spiritualists espouse the Science, Philosophy and Religion of Spiritualism in our lives according to the nine basic principles below.

Science tells us energy never dies. Spiritualists believe the energy which is the animating life force within us, our consciousness, exits when the body stops and returns to The Oneness. Continuation of life after death is also a basic principle of Spiritualism. We know consciousness and personal identity are maintained by those who pass to the higher side of life. Our trained and certified mediums communicate with them to bring greetings and emotional comfort to those still here in the physical body. "Maintaining our personal identity" and "communication with the so-called dead" are basic principles as well, proven through Mediumship. Our trained and certified Spiritualist Healers act as channels to convey the healing energies of Source to others, whether for physical, emotional, mental or Spiritual healing.

Our philosophy is to be open-minded and non-judgmental, as we assume "personal responsibility" and observe "The Golden Rule," two of our basic principles which relate to the Law of Attraction. These principles, applied to our life experience, guide us to illumined truth of the heart, enlightenment. This is our experience, our belief and, therefore, structures our religion.

As a religion, Spiritualism strives to understand and comply with the physical, mental and spiritual Laws of Nature, which are the Laws of the Creator.

Declaration of Principles

1. We believe in Infinite Intelligence.

2. We believe that the phenomena of nature, both physical and spiritual, are the expression of Infinite Intelligence.

3. We affirm that a correct understanding of such expression and living in accordance therewith constitute true religion.

4. We affirm that the existence and personal identity of the individual continue after the change called death.

5. We affirm that communication with the so-called dead is a fact scientifically proven by the phenomena of Spiritualism.

6. We believe that the highest morality is contained in the Golden Rule:"Whatsoever ye would that others should do unto you, do ye also unto them."

7. We affirm the moral responsibility of the individual, and that he makes his own happiness or unhappiness as he obeys or disobeys Nature's physical and spiritual laws.

8. We affirm that the doorway to reformation is never closed against any human soul, here or hereafter.

9. We affirm that the Precepts of Prophecy and Healing contained in the Bible are Divine attributes proven through Mediumship.

Colby-Alderman Park

Would you like to learn more about Cassadaga and its beginnings? If so, take a stroll down the paths of the newly created Historic Colby-Alderman Park and find out more about the history of Spiritualism and the Cassadaga Spiritualist Camp. There are 12 interpretive panels that tell the story.

Think about this – George P. Colby made his way by steamboat down the St. John's River to the land where the Camp sits now, and then hiked from the dock at Blue Spring Landing (eight miles or so) to the future winter home for Spiritualists from Lily Dale, N. Y. The year was 1875. There were no roads, only wildlife and wilderness. Some of that wildlife is still preserved today on the 146-acre public park, which includes two small springs and views of Sandhill and Upland Lakes adjacent to the Camp. In 1918, a Camp program stated it was a 33-hour trip from New York. By that time the railroad system was in place. One could take a train from Jacksonville to New Smyrna Beach, then take another train to Lake Helen. Water travelers took a 15½ hour trip from Jacksonville to Blue Spring Landing followed by an eight mile carriage ride to Cassadaga.

George P. Colby donated 35 acres to create the Spiritualist Camp. His homestead (which is located in the Park) lay just outside the Camp boundary. Before his death in 1933, he sold his property to his friends William and Lena Walker. Their grandson, the late William Amory Underhill, an internationally known attorney and former U.S. Attorney General of the United States Land Division, donated this and adjoining land to be used to honor the memory of his grandparents. William Amory Underhill was raised in a Spiritualist family and once managed the Cassadaga Hotel shortly after graduation from Stetson University.

Those are just a few facts you will learn while walking the paved and unpaved trails of Colby-Alderman Park. There is a main hiking trail (less than a half of a mile) and other smaller unpaved trails, which are connected to the main trail.

Future development is intended and will be handled by the County of Volusia and Mr. Tom Baskett, Volusia County Historian.

This project was funded by the County of Volusia ECHO grant program and approved by its citizens in November of 2000 to continue future environmental, cultural, historical and outdoor recreation projects.

PIONEER
CORA L.V. RICHMOND

Born Cora Scott, 1840, Cuba NY, she is one of America's early pioneers of Modern Spiritualism. Cora was one of the most influential Spiritualist mediums of the 19th century and a renowned trance lecturer and author. At age eleven she began trance and channeling spirits. Her parents were Universalists with an interest in Spiritualism. They began touring to display Cora's abilities as a trance healer. In Waterloo, Wisconsin Cora would perform surgery while channeling the spirit of a German doctor. This was found to be so impressive that some medical practitioners feared they would become obsolete. At age fifteen, her healing abilities ended and she began to develop as an extremely gifted trance lecturer. She would enter a trance and give detailed lectures on a diverse number of esoteric subjects which were suggested by the audience secretly. Cora had no way of knowing the subject matter and therefore would not have been able to prepare in advance.

Cora's abilities continued to strengthen as she toured amazing crowds internationally. She became well respected and her guidance and abilities were sought by many, including several United States presidents. Under President Ulysses S. Grant she received a Resolution of Gratitude for her service of six years for giving benefit to this Country in difficult times. Before the assassination of President Abraham Lincoln she had moved to Washington D.C. where she was consulted by key members of his party on the war. After the assassination, Andrew Johnson became the new President and Cora's mediumship advice was sought daily by many of the Senators of the opposition party. In 1883, Cora delivered her famous trance address, A MESSAGE TO THE NATIONS. It was delivered through her by the spirit of the twentieth U.S. President, James A. Garfield who was assassinated less than two years prior. A huge audience gathered to hear the address, many of whom were witnessing the work of a trance medium for the first time. As a result of the address, another Resolution of Support was passed for her work.

Cora was the original founder and Vice President of the National Spiritualist's Association. Today the association is known as NSAC and is the leading association of Spiritualist churches in the United States. Cora continued to lecture throughtout her life and speak to crowds as large as five thousand people. Her works have been published and studied internationally and are a testament to the wonder and beauty of Spiritualism. She was married four times throughout her life and subsequently has been known by different surnames, most notably as Cora L.V. Richmond.

Memorial List

Members who have passed to Spirit in the past year,
we are blessed to have shared time together.

Mathew Landon Katie Stiller

Mathew Landon

Katie Stiller

Mathew Dean Landon, longtime Cassadaga resident and certified Medium, passed to spirit June 6, 2013. Mathew was born in Queens, N.Y., which was hard to believe for those who knew him as the laid back southern gentleman always willing to lend a helping hand. Mathew served in the Navy and was a carpenter by trade. He was very good at what he did and was more than willing to assist his Cassadaga community with their home renovations. Mathew was a gifted Medium and was known for 'reading in his hands', which is how he connected to spirit. Mathew had a strong relationship with his family and Cassadaga community and is missed by all.

Kathleen Rose Bergin Stiller, or simply Katie, beloved member of the Cassadaga community passed to spirit November 14, 2012. Katie's grace and elegance were evident during her years as the Bookstore Manager. Katie was an avid traveler and had a love for all things in nature. Katie is the beloved daughter of Rev. Phoebe Rose Bergin and mother of Sean Stiller. Katie is greatly missed by her family and the Cassadaga community. A dedication bird bath has been donated in her honor, which is in the midst of the beautiful Cassadaga scenery she loved.

Educational Programs

For over one hundred years, the Southern Cassadaga Spiritualist Camp has provided education for people seeking spiritual growth and development. We have established an Education Curriculum to assist those interested in studying the science, philosophy and religion of Spiritualism.

Lyceum class is held every Sunday morning in the Andrew Jackson Davis Educational Building and Bookstore from 9:30 am to 10:15 pm. Our seminars, workshops and ongoing classes are posted in the Welcome Center and on the Activities Calendar on pages 15 to 22.

Our courses of study may lead to certification as a Spiritualist Medium, a Spiritualist Healer, ordination as a Spiritualist Minister or simply your own personal development. For more information concerning any of our classes, please visit our website www.Cassadaga.org or contact the SCSCMA Education Commitee at P.O. Box 319, Cassadaga, FL 32706 or contact the teachers directly.

Spiritual Healing

Spiritual Healing has been taught throughout the ages. It is recognized in the Bible and has been a tenet of ancient and modern religions.

Spiritual Healing does not deny that physicians and surgeons are necessary. We believe Spiritual Healing compliments traditional as well as alternative medical practitioners and we cooperate with them at all times.

The results of Spiritual Healing are produced in several ways:

- Through the individual's inherent self-healing ability.
- Through the healer's use of mediumship to channel God's healing energies into the individual, affecting the areas of the body, mind and/or spirit which are in need of healing.
- Through absentee healing, where the Healer calls upon help from the Spirit realm to carry God's healing energies to the individual not present.

Your Guide For Receiving A Spiritual Healing

1. Open your heart and mind to receive God's healing energies.
2. Place your feet flat on the floor, hands in your lap with palms open, close your eyes, breathe slowly and relax.
3. Ask the great unseen healing force to remove all obstacles and obstructions from your mind and body.
4. Allow the healing energies to balance your mind, body and spirit. Some healings are instantaneous and some take time.
5. Remember to give thanks for the healing energies brought to you through the healer.
6. Please allow the healing energies to work for 72 hours before discussing the results.

Prayer For Spiritual Healing

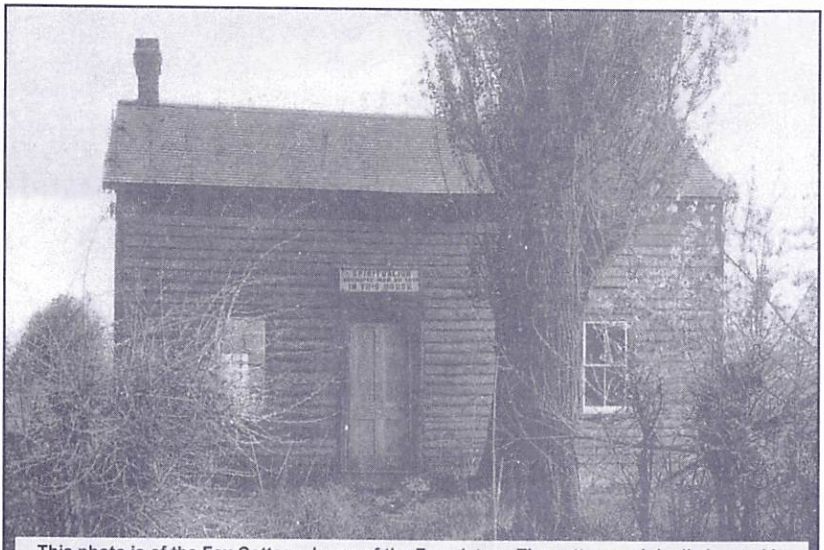

I ask the Great Unseen Healing Force to remove all obstructions from my mind and body and to restore me to perfect health.
I ask this in all sincerity and honesty and I will do my part.
I ask this Great Unseen Healing Force to help both present and absent ones who are in need of help and to restore them to perfect health.
I put my trust in the Love and Power of God.

Caesar Forman Healing Gazebo

The Caesar Forman Healing Gazebo is adjacent to the Colby Memorial Temple
Open Sunday: 10:00 am - 10:30 am
Please call 386-228-3171 or 386-228-2880 for hours during the week that Healers are available in the AJD Educational Building and Bookstore

There is no charge for healing at the Center, however, donations are appreciated. See area map for location, pages 28-29.

This photo is of the Fox Cottage, home of the Fox sisters. The cottage, originally located in Hydesville, N.Y. and later moved to Lily Dale, N.Y., was the location of the birth of Modern Spiritualism on March 31, 1848. Tragically, the cottage burned to the ground in 1955.

SUGGESTIONS FOR A READING

1. Seek a medium's help when there is a sincere need.

2. Be receptive. Do not go for a consultation with a closed mind. The more relaxed you are, the better your reading will be.

3. Your questions will usually be answered during the course of your consultation.

4. Do not volunteer information to the medium. Be friendly, acknowledge when the medium speaks to you. A consultation should be an exchange.

5. Prior to attending a meeting with a medium, extend an invitation to your Spirit loved ones to attend with you. Remember, Spirits return out of love and their own free will.

6. If you are unable to place a person or incident at any particular moment, hold the information. It may become clearer upon verification at a later time.

7. Don't make readings a frequent habit. Every six months is sufficient, unless you feel that there is an urgent need.

8. Each medium has a unique style. Seek out one with whom you feel comfortable and in tune.

9. Don't try to prolong a reading, the medium realizes when the connection is gone. Some mediums work on a much quicker vibration than others.

10. Some mediums may give you a completely Spiritual reading, others a material one. Often readings are a combination of both, depending on what impressions the medium receives for you.

11. Prior to booking a consultation, don't hesitate to confirm the price and the length of the session. Some mediums find tape recorders distracting. Please ask permission before recording a session.

12. Always use discretion when selecting a medium. Most mediums are recommended by word of mouth or are approved by a qualified organization.

Certified Mediums and Healers

Appointments with our Certified Mediums and Healers may be made in advance by contacting them directly.

Appointments can also be made the day of your arrival from the Welcome Center located in the Cassadaga Bookstore. Available Mediums and Healers will list their names and phone numbers on the whiteboard and you may call to schedule a reading from the courtesy phone provided. If you don't have any particular Medium in mind, allow yourself to be intuitively guided to the best person for your needs. Business cards located in the Welcome Center and the listings on the following pages may be helpful. Many of our Mediums conduct readings via telephone. Details and prices may be obtained from the Mediums directly.

Please ask permission before recording a session.

Frequently Asked Questions

DO YOU BELIEVE IN GOD? Yes. We often refer to God as Infinite Intelligence, which means an all pervading mind and intelligence that is in and of all things, animate and inanimate; a dynamic, infinite creative force and power that governs all things by immutable and unchangeable Natural Law.

DO YOU BELIEVE IN JESUS? Yes. We consider him one of the greatest Medium-Healer-Teachers and Spiritual Leaders that the world has ever known, one who knew and applied Natural Law to the greatest extent of any human soul who has ever lived.

DO YOU BELIEVE IN THE BIBLE? Yes. We understand that God's truth has been given to mankind through the ages and that these truths have been recorded and compiled in books such as the Bible.

DO YOU BELIEVE IN THE DEVIL? No. Our religion is not based on a Savior-God philosophy. Our theology does not embrace "falling from grace" or "sinning." Therefore, we do not believe in a devil. We believe we alone are responsible for the benefits or consequences of our actions.

DO YOU BELIEVE IN HEAVEN AND HELL? Yes, but not in the traditional sense. They are not places or abodes but rather states of consciousness. Heaven and hell can literally be experienced right here on earth.

WHERE IS THE CEMETERY IN CASSADAGA? There is no cemetery in Cassadaga.

WHERE IS THE CAMPGROUND IN CASSADAGA? Although residents may own their homes within the Camp grounds, the church retains ownership of the land. And, though the word "Camp" appears in it's name, there are actually no camping facilities available. "Camp meeting" is an antiquated term for annual gatherings of religious groups.

IS WITCHCRAFT OR BLACK MAGIC PART OF SPIRITUALISM? Absolutely not!

WHAT IS THE DIFFERENCE BETWEEN A PSYCHIC AND A MEDIUM? Everyone is psychic; it is our sixth sense which utilizes thought vibrations to obtain information. A Medium has natural vibratory energies capable of merging with Spiritual Energy enabling information and assistance of a higher quality to come through. This information does not come from mind or mental energy but from God through Spirit.

WHAT IS A READING? Also referred to as Spiritual counseling, this service is obtained from a Certified Medium. Spiritualism is a religion, philosophy and science based on the continuity of life and communication with those who have made their transition – not necessarily people you have known. Spiritual counseling is achieved by using the ability of the Medium's mind to receive, process and deliver messages from the Higher Spirit Plane, and is a demonstration of Spiritualism. This is known as mental mediumship.(Psychic tools such as palm reading, tarot cards, etc. are not utilized in the Cassadaga Spiritualist Camp.™) It is our desire to provide the highest level of Mediumship-Healing Ministry to all who come seeking. All Mediums in our organization work as mental and/or Healing Mediums.

Frequently Asked Questions

DOES SPIRITUALISM RECOGNIZE OTHER CHURCHES OR RELIGIONS? Yes. We respect the right of religious freedom as set forth in the United States Constitution. Truth is truth regardless of its source, and right living is the keynote to all religions. Religion is the process through which one recognizes, understands and demonstrates their spirituality. Spirituality, living your belief or understanding, is a way of life, not something applied only to an hour or a day set aside for worship.

WHAT DO YOU MEAN BY A "CERTIFIED MEDIUM/HEALER"? Every Medium/Healer listed in our program has successfully completed an intense study/training curriculum through SCSCMA or another recognized Spiritualist organization. It generally takes more than four years to complete our curriculum.

WILL MEDIUMS TELL ME BAD THINGS OR PREDICT DEATH? Any circumstance may be brought through from Spirit in an appropriate manner, especially if it is in the best interest of all concerned. A professional Spiritualist Medium will strive to bring you the information received in a positive, constructive manner. Instilling fear or dazzling you is not the intent or purpose of a Certified Medium or Minister. Spiritual guidance is offered so that you may enhance or minimize each situation by use of free will. Assisting you in helping yourself is the Medium's goal.

WHAT IS A SEANCE? Seance is a term referring to a group of people usually sitting around a table in a darkened room for the purpose of contacting Spirit. Seances continue to be conducted but are also referred to as "circles."

DO YOU RECOGNIZE HYPNOTISM? The Southern Cassadaga Spiritualist Camp Meeting Association does not condone, endorse or sponsor any form of hypnosis within the confines of private settings. In the event visitors to the Camp should be offered services involving hypnotism or any form of activity which would attempt control of the thought processes, it would be appreciated if a report of the offer be made to the Camp Office. Should anyone choose to participate in the above described activities, the risk will be borne by the participant, and the Association specifically disclaims any and all liability for any injury that may result from such participation.

HOW DO I RECEIVE THE OPTIMUM READING? Visit www.cassadaga.org to familiarize yourself with our Certified Mediums. To ensure the Medium of your choice is available, please call/e-mail in advance to schedule your session. Prior to the session, fee and length of reading is agreed upon between the Medium and the Client. Money is exchanged at the end of the session. Any request for additional monies, that has not been agreed upon, is cause for concern. A promise of contact with a specific Spirit is not offered by a SCSCMA Medium because they know that those in Spirit also have free will and choice. Use common sense; any advice received, or course of action suggested, must resonate with you. **During the first ten minutes**, if you and/or the Medium feel that there is not a suitable connection, then suggest that the session end and no money is exchanged.

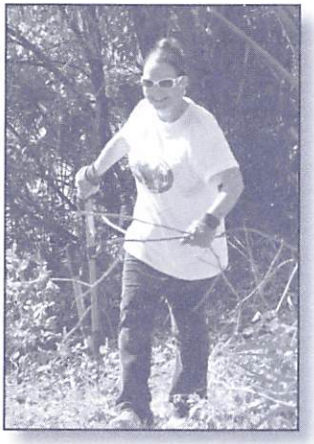

Please come to visit the Cassadaga Spiritualist Camp and experience this peaceful community where certified Mediums and Healers are available daily.

A Special Thank You to Our Volunteers

Cassadaga Spiritualist Camp is run with the help of the many volunteers and employees who generously give of themselves for the love of Spiritualism. We would like to thank all of the Mediums, Healers, members and non-members who have donated their time and monetary contributions for our numerous events, services and beautification efforts. Thank you to the camp employees who often go above and beyond. A huge Thank You to the Board Members and Committee Members who continue to give their time tirelessly for the benefit of our beloved community. Cassadaga itself would not be possible without the extraordinary efforts of everyone behind the scenes. Let's make it 119 more years!!!

Thank You, Thank You, Thank You!!!
